

BUDGET

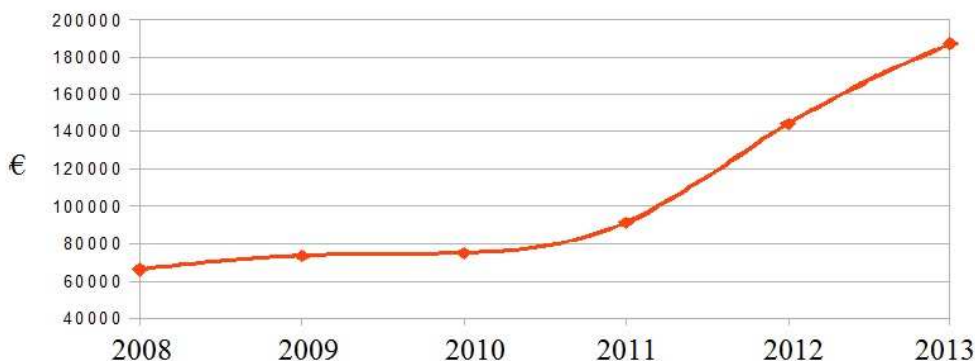

Just at this time as a new budget for 2014 has been voted in, a budget which is very similar to the previous one - in fact slightly higher than the 2013 budget - it may be useful to remember that the last 6 years of local council administration saw a careful and efficient management of community spending which allowed

particularly important investments to be made without difficulty. (3.750.000 euros over 6 years)

In 2008 the council had inherited a global deficit of 600.000 euros over the year, as compared to a global surplus of 246.000 euros in 2013 (after reimbursement of a short term cash facility). This situation allowed us to envisage with

equanimity the setting up of new social programmes in a framework of one of the lowest local tax schedule in Finistère.

Operating Surplus - Brennilis Commune

ADMR – The secretarial office in Huelgoat

HELP AT HOME - L'ADMR

The Huelgoat ADMR Association amalgamated with the Scrignac ADMR 18 months ago and has settled back in to a normal pattern of support. In Brennilis the association helps 22 people and 5 home help employees live in the community. The services provided are varied and adapted to the needs of the individual, supporting in daily living. Financial aid to cover costs is usually coming from the Regional Council, Family Allowance, Pension funds etc. The importance of ADMR was just confirmed through the appointment of its chairperson, Ms Anita Daniel, as member of the board of the Huelgoat Retirement Home (EHPAD Mont Leroux).

WATERS AND RIVERS OF BRITTANY

'Eaux et Rivières de Bretagne' which comprises of some 50 associations who work to preserve the quality of water in our region, have decided, in their AGM to start the necessary proceedings to attain the status of a body of public interest. The Gazette wishes them success in this venture whose favourable outcome would mean the recognition of the crucial importance of the water and wet zones in our area. 'Eaux et Rivières de Bretagne' has worked with the village council on many occasions between 2008 et 2013 - with notably the passage in Brennilis in November 2011 of an exhibition about water saving, a collaboration with the CLI and the local water commission, and a presentation in September 2013 to the members of the village council - presentation which sadly the opposition did not chose to attend - about the scheme for the administration and improvement of the basin of the river Aulne. (SAGE).

PEN AR BED, THE BUS

The number 60 bus, run by the Conseil général (Morlaix-Huelgoat-Quimper) also stops at Brennilis. It is a request service so you need to phone 0 810 810 029 no later than 5pm
